- Single Page Applications Development
- Real-Time Applications Development
- Customer Service Skills
- Nodejs Development
- IT Management
- Leadership Skills
- Database Management
- Mobile Applications Development
- Chatting Applications Development
- RESTful Applications Development
- Problem Solving
- Good Time Management
- Goal-Oriented
- Good Communication Skills
- Interpersonal Skills
- Process Management
- Decision Making
- Team Player
- Ability to Multi-Task

EXPERTISE AND COMPETENCIES

- **Active Listening:** Giving full attention to what other people are saying, taking time to understand the points being made, asking questions as appropriate, and not interrupting at inappropriate times.
- **Complex Problem Solving:** Identifying complex problems and reviewing related information to develop and evaluate options and implement solutions.
- **Coordination:** Adjusting actions in relation to others' actions.
- **Critical Thinking:** Using logic and reasoning to identify the strengths and weaknesses of alternative solutions, conclusions or approaches to problems.
- **Judgment and Decision Making:** Considering the relative costs and benefits of potential actions to choose the most appropriate one.
- **Management:** Coordinating and guiding others to meet objectives and goals.
- **Monitoring:** Monitoring/assessing performance of other individuals, or organizations to make improvements and take corrective action.
- **Multitasking:** Juggle multiple tasks and responsibilities while remaining composed and meeting deadlines.
- **Relationship Management:** Conflict resolution, motivating, organizing, troubleshooting and establishing rapport.
